(Verse 1)

You are magnanimous
You care for all of us
Lord, you're always there
Lord, You always care
You are there when I'm down
You wear the noble crown
Lord, you're always there
Lord, you always care

(Chorus)

You are the Lord who we claim
We praise you with all our hearts
We will show no shame
Your love goes off the charts
So now me praise you name

(Verse 2)

You have saved me from my sin
You have renewed my life again
Lord, you're always there
Lord, you always care
I don't have to fear
Cause I know you're always here
Lord, you're always there
Lord, you always care.

(Bridge)

You guide me when I need you
You're there when I fall
I know that I can trust you
Your love is like a wall
You're always there to run to
Your name is what I call
You have made my life new
So I praise you with my all

(Chorus x2)
