Roll away, talleys, alleyway.  
Yesterday's theory.  
All alone in a nightmare.  
Come on daytime!  
And don't you cry cry cry cry cry all alone.  
Allistar is on the banister making friends with the walls.

If you cry cry cry cry cry like a baby.  
Make you cry cry cry cry cry.  
Make you die die die die die.  
Say goodbye bye bye bye bye.  
All alone.

Your so young.  
Like a baby.  
All alone.  
Hey, you're so young.  
Just like a baby.  
And you cry.

Ride away on the milky way.  
Fly away on a cloud. I know bad dreams.

To make you cry.  
To make you cry.  
To make you cry cry cry cry cry.  
To make you cry cry cry cry.  
To make you cry cry cry cry cry.  
All alone.

Hey to make you cry cry cry cry cry.  
To make you die die die die.  
To make you cry cry cry cry cry.  
All alone.
