Look up the right words  
The ones for today  
And use them correctly  
And mean what I say  
Answer the questions  
Crossword confession  
Interrogation  
I'm down, can we meet  
Is it true, do you cheat?  
How far can I go?  
How much do you know?  
What's the definition?  
How much did she mention?  
How much does she know?  
Can I find the right words to say?  
The right words are so hard to say

It's a challenger puzzle  
From the magazine section  
Across with the questions

Do the ethics of reference  
One hundred twenty brain teasers to torment you  
One hundred thoughts  
I can't find the right words to say  
My meaning's not quite getting through  
The right words are so hard to say  
Can I find the right words for you?

Let's not hedge our bets  
'Cause the odds are dependent  
Please listen instead  
Now the whispers are ending  
The point's misleading  
As points often do  
Can I find the right words for you?
