Be my TV Guide in between the stations  
Be my satellite: secret information  
Stairway going one way to the subway  
Waiting for the train  
Take it to the runway  
Journal in the Square fingers in the hairdo  
England in the air Beatle in the bathroom  
Highway going one way or another  
Let's get in the car  
Brooklyn Queens Expressway  
Turning in the light singing to the doorway  
Standing on the side listen to the subway  
No one understands you upperhands you lonely  
valentine  
Bell and book and candle
