Night comes a callin', callin' on you
Slips in behind ya, long overdue
You'll be dancing down the moon
Sunlight's blinding shuts my eyes

Sunset sliding, my time to rise
And be dancing down the moon
You whisper to me, "Don't fear the dark
Come closer darlin', you'll feel the spark"

I'll hold you tighter tight as I can
Moving together hard as we can
Sunlight, don't burn me, sunlight, be cool
Moonlight's kind to me, I'm in night school
And I'm dancing down the moon

Should I watch the night, be dreamless?
Stay away from light, be seen less?
Am I sleeping? Stay awake all night
Night comes a crawlin', curlin' round you

Slips in behind ya, long overdue
You'll be dancing down the moon
I love the moonlight, I love the night
Oh baby, hold me tight now

I want you near me
When it's five o'clock in the morning
It's hangin' overhead
We should be home sleepin' or in bed doin' it

Wish I had a chart, I'd know what's up ahead
But we're still out here holding tight, holding tight
instead
Yeah, yeah, we're dancin', dancin' down the moon
