Maybe it's just a twist of light tonight, but the city's so  
bright, this whole town's in focus.  
He'd always call me "baby strange."  
He's hold my head and pray for rain.  
Oh johnny, let me be your dog star girl.  
Let me curl inside.  
The fire's just right.  
The fire's just right in focus.  
But, then he said, "like, anything goes, baby."  
But I don't know.  
I just don't know.  
Do you?  
And how'd I ever get to this dead man's town where the  
rain, where the rain falls down, where the rain falls  
down forever?

And then he said, "so much for you, so much for me,"  
but I don't see.  
No, I don't see.  
Do you?  
And how'd I ever get to this dead man's town where the  
rain, where the rain falls down, where the rain falls  
down forever?  
Forever.  
Forever.  
Forever.  
Forever.
