Uno, dos...
Uno dos tres cuatro!

Hey, now honey, i'm about to begin.
Hear the intention near me again.
Been to impatient and i'm ready to spill.
So tired of waiting for my turn to thrill.

Trying to fly, trying to get a break.
A space to move, and a movement to make.
Triangle toes.
Two loves continue.
Why in the world?
I'm a circular girl.

Ooh, baby i feel the spin.
Turning me round and round.
Taking me out of town.
Ooh, i feel the spin.
Messing me round and round.
Making my madness drown.

Hey, now honey, my rotations set in to a driving
dimension.
Do it again.
Hey, i'm standing on top of the world.
Grinning and spinning, free as a bird.

I'm dizzy from pressure.
I hold out for pleasure.
A space to move and some music to make.
I'm spellbound from watching your radio hula hips over
me.
Oh, i'm a circular girl.

Ooh, baby i feel the spin.
Turning me round and round.
Taking me out of town.
Ooh, i feel the spin.
Messing me round and round.
Making my madness drown.

Ooh, i feel the spin.
Taking me round and round.
Throwing me out of bounds.
Ooh, i feel the spin.
Throwing me around.

I'm dizzy from pressure.
I hold out for pleasure.
A space to move and some music to make.
I'm spellbound from watching your radio hula hips over
me.
Oh, i'm a circular girl.

Ooh, baby i feel the spin.
Turning me round and round.
Taking me out of town.
Ooh, i feel the spin.
Messing me round and round.
Making my madness drown.

Ooh, i feel the spin.
Taking me round and round.
Throwing me out of bounds.
Ooh, baby i feel the spin.
Throwing me around.
Driving me out of town.
