Love's touch comes to mean so much
Embrasser c'est Francais
Embrasser c'est Francais
Love's way, s'abandonner
Embrasser c'est Francais
Embrasser c'est Francais

Slip into the velvet glove
Parted lips so filled with love
Embrasser c'est Francais
Embrasser c'est Francais

Lips upon forbidden places
Lingering in long embraces

Embrasser c'est Francais

French kissin' in the USA
French kissin' in the USA
Ay, French kissin'
French kissin' in the USA
French kissin' in the USA

Lips are in motion
Ocean to ocean to ocean, ocean to ocean to ocean
Paris is calling
Falling, we're falling, we're falling, falling, we're
falling, we're falling

Lips close, then blossom like a rose
Embrasser c'est Francais
Embrasser c'est Francais

Lips wide holding you inside
Embrasser c'est Francais
Embrasser c'est Francais

Kisses hard, kisses deep
A kiss to wake us from our sleep

Embrasser c'est Francais
Embrasser c'est Francais

Take your lover by the hand
Speak in tongues and understand
Embrasser c'est Francais
Embrasser c'est Francais

French kissin' in the USA
French kissin' in the USA
Ay, French kissin'
French kissin' in the USA
French kissin' in the USA

Lips are in motion
Ocean to ocean to ocean, ocean to ocean to ocean
Paris is calling
Falling, we're falling, we're falling, falling, we're
falling, we're falling

French kissin' in the USA
French kissin' in the USA
Ay, French kissin', French kissin'
French kissin' in the USA
French kissin' in the USA

French kissin', French kissin', French kissin'
French kissin' in the USA
French kissin' in the USA

French kissin' in the USA
French kissin' in the USA
Ay, French kissin', French kissin', French kissin'
French kissin' in the USA
French kissin' in the USA
