You make demands, you're out of hand and soon
enough you're gonna get your way.
You rage and roar, you pace the floor and soon enough
you're gonna have your day.
Get your way.

Got no time for temperament.
Bad attitude won't make a dent.
Don't cry baby, don't cry at all.
Got no need to take the fall.

Don't go on strike. you know what I like. you know how
to love me, daddy - loose but tight.
Your mood is down, I'm losing ground and soon
enough you're gonna have your day.
Get your way.

There's no need to stay at home alone.
No need for slamming the phone.
Got no need to kick the cat or get too high.
No need for that.

The silences when you don't speak - much worse than
when you scolding me.
The silences when you won't speak - it's not the silence
that's golden to me.

Look out!
I'm coming!
I'm coming!
I'm coming!

You make demands, you're out of hand and soon
enough you're gonna get your way.
You rage and roar, you pace the floor and soon enough
your gonna get your way.
Don't go on strike. you know what I like. you know how
to love me, daddy - loose but tight.
Your mood is down, I'm losing ground and soon
enough you're gonna have your day.
Get your way.

You know I always get my way.
I'm hot!
I do succeed.
Like Washington at Valley Forge, I get just what I need.
Like Iron Mike with a TKO and Jesse James with a .44, I
keep on coming moving slow and put them on the floor.
Get up!
Turn it up a bit.

Get up!
Turn it up a bit.
I'm self contained.
I use my brain and I keep the people entertained.
It's a long way up with no elevator, but I'm gonna get
there sooner or later 'cause the last thing that I'm
gonna do is not do what I wanted to.
Get up!
Turn it up a bit.
Get up!
Turn it up a bit.
Like Frankenstein and Danger Mouse I'm gonna make
some noise and rock the house!

You have been demanding. Throwing temper tantrums.
Soon enough you're gonna get your way.
You have been high-handed. Setting super standards.
Soon enough you're gonna get your way.
You have been vindictive. You can go and stick it. Pretty
soon you're gonna get your way.
Don't you go on strike. You know just what I like now.
Pretty soon you're gonna have your day.
Get your way.

You're so dramatic, you're too emphatic, but soon
enough you're gonna get your way.
We've been conflicting. You'd better start thinking and
pretty soon you're gonna get your way.
Don't go on strike. You know what I like. You know how
to love me, daddy - loose but tight.
Your mood is down. I'm losing ground and soon
enough you're gonna have your day.
Get your way.

You make demands, you're out of hand and soon
enough you're gonna get your way.
You rage and roar, you pace the floor and soon enough
you're gonna get your way.
Your mood is down. I'm losing ground and soon
enough you're gonna get your way.
You're so dramatic. You're too emphatic, but soon
enough you're gonna get your way.

Have your day.
Get your way.
You have your day. yeah, you get what you want. uh
huh.
Get your way. have your day.
Soon enough you're gonna get it, yeah.
You're gonna get your way.
Have your day. get your way. uh huh. uh huh.
Don't go on strike. you know what I like.
