Daybreak comes alive when I'm with you, boy.  
Too late.  
Can't survive without you in my world.  
Falling down like rain, I hear the thunder.  
I've thrown it all away to keep from going under.  
I gotta go back, back from the place that has no shame.  
I gotta go back to go where the past doesn't show.  
I'll take the blame.  
I can see clearly now.  
I can go all the way.  
I can see clearly now that you're near me.  
All left.  
Gone away.  
Open up your eyes.  
You've seen yesterday.  
Now time to run and hide.  
(It comes as no surprise.)
