She loves you right now
So don't close your eyes
She'll be talking
And laughing with six other guys

Flirtatious and cute
She'll take you the route
Telling 'Little girl lies'

He loves her so much
He don't wanna loose her
And there's no other girl
He likes to ball better

But he's busy tonight
"We'll make it tomorrow"
He's telling his 'Little girl lies'

That's how the little girl lies
He's telling his 'Little girl lies'
Those 'Little girl lies' gonna catch up
To you and you'll be sorry

Making excuses
Why she can't meet you later
She's not really ill
Someone else got to date her

Mixed up and confused
It'll catch up to you
Telling 'Little girl' lies

They tell the 'Little girl lies'
He's telling his 'Little girl lies'
That's how your little girl lies
She's been telling you 'Little girl lies'

That's how his little girl lies
She been telling him 'Little girl lies'
Those 'Little girl lies' gonna catch up
To you and you'll be sorry
Boo hoo, boo hoo
