I'm hot as a fire, burning bright, feel as empty as air
Sa yui yui
There is no sense of balance
In the howling wind that calls to me
I can feel it everywhere but it's invisible to me

Distractions and spirit find me floating in a magnetic
sea
Sa yui yui
The nights are phosphorescent
And the days are beautiful and bright
Until whispering mist comes falling down on me

Oh, there's fire burning
Looking for the magic
In the nighttime all this
Brings the magic back to me

I'm looking for the magic in the places I remember it to
be
Sa yui yui yui
It's in the nighttime alleys
Winding through my deepest memory
And just one simple thought brings the magic back to
me

Oh, there's fire burning
Looking for the magic
In the night time all this
Brings the magic back to me

I'm looking for the magic in the places I remember it to
be
And just one simple thought brings the magic back to
me

And just one simple thought brings the magic back to
me
