Love is a burning thing  
It makes a fiery ring  
Bound by wild desire  
I fell into a ring of fire

Taste, my love is sweet  
When hearts like our's meet  
I fell for you like a child  
Oh, but the fire went wild

I fell into a burning ring of fire  
I went down, down, down  
And the flame is swept higher  
And it burns, burns, burns  
That ring of fire  
That ring of fire

(Repeat)

Taste, my love is sweet  
When hearts like our's meet  
I fell for you like a child  
Oh, but the fire went wild

I fell into a burning ring of fire  
I went down, down, down  
And the flame is swept higher  
And it burns, burns, burns  
That ring of fire  
That ring of fire

(Repeat)

That ring of fire  
That ring of fire  
Burns, burns, burns, ring of fire  
Burns, burns, burns, ring of fire
