The ones for today

And use them correctly

And mean what I say

Answer the questions

Crossword confession

Interrogation

I'm down, can we meet

Is it true, do you cheat?

How far can I go?

How much do you know?

What's the definition?

How much did she mention?

How much does she know?

Can I find the right words to say?

The right words are so hard to say

It's a challenger puzzle

From the magazine section

Across with the questions

Do the ethics of reference

One hundred twenty brain teasers to torment you

One hundred thoughts

I can't find the right words to say
My meaning's not quite getting through
The right words are so hard to say
Can I find the right words for you?
Let's not hedge our bets
'Cause the odds are dependent
Please listen instead
Now the whispers are ending
The point's misleading
As points often do
Can I find the right words for you?
