by Deborah Harry, Nigel Harrison

Oh oh, oh oh, what are we going to do?
Union, union, union city blues
Time will to the other side
It becomes daylight, I say he's mine

Power, passion plans a double hit
Union, union, union city men

I climb up four flights to the ? inside
Rearrange my mind
In ? union, union city blues
Skyline, passion, union city blues

Power, passion plans a double hit
Union, union, union city men

I say he's mine, I have a plan
I say he's my union city man.

Oh oh, oh oh, what are we going to do?
Union, union, union city blues
Oh oh, oh oh, what are we going to do?
Union, union, union city blues
Oh oh, oh oh, what are we going to do?
Union, union, union city blues
