Well we thought we new eachother,
Thinking that this was true,
You were there by my side,
Always down for the ride.

You would hold you in your arms,
You would take the pain away,
Then it all came out,
I have screwed it all up again.

(Chorus:)
I ask, cause I'm not sure,
Does anybody really care anymore?
Who is that girl I see,
Staring straight back at me?
Is that really who I pretend to be.

It's my fault yet again,
I just wanted to be your friend,
No one has ever excepted me for who I am,
So I didn't think you would be any different.

I acted to be someone else,
And pretended it was me,
I sorry for what I done,
And what I became.

(Chorus:)
I ask, cause I'm not sure,
Does anybody really care anymore?
Who is that girl I see,
Staring straight back at me?

Is that really who I pretend to be.

What's done is done,
But if I could turn back time,
I would change what I done,
And be me, be me for once.

I should have given it a try,
Cuz' you weren't the ones who made me cry,

And made me change to someone new,
I should of started a fresh with you,
And see if you liked the real me.

(Chorus:)

I ask, cause I'm not sure,
Does anybody really care anymore?
Who is that girl I see,
Staring straight back at me?
Is that really who I pretend to be.

I want u to know,
I still fell the same,
And am going to be me until the end,
Cuz, I have seen what lieing has done.

I still feel your kiss,
It's on my lips,
And I keep wishing,
You come back around, oh,
I'm gonna miss you like a child misses their blanket...
