And it's taken up most of my time  
I can't explain the reason or rhyme  
But I got it down line for line  
Now you'll see

And you say that you want to believe  
But I don't think that you can conceive  
And I think it's time that you receive  
Then you'll see

Will you follow me?  
Will you come with me?  
Will you trust in me?  
Will you follow??

Can you feel it all build up inside?  
Are you glad that you came for the ride?  
All this power I'll no longer hide  
Then they'll see

You can't stand by and watch it ascend  
You must join me so we can transcend  
Like the circle there will be no end  
Now they'll see

Take my hand  
I'll lead you to the man
