Visit "[Another Dimension](#)" on MotoLyrics.com

You're ready to break up the zone

Dawn--isolation
Pain--contradiction
Lag--run away from world of reality

Whine--whited went to war
Cry--never hope
Prey--preys start new generation

Earth--tie up for the man
Time--wait to revenge

High tech--plastic future
Passing--super ancient
Sky--bug scribes project the sky

The sky lost silence

The voice's arousing noise
--shining lighted night--
It makes black deep shadow at the corner

A glow of the heart
Forgot that story of guilty site
System is the slave of desire
Drive and run in the air of the wall of beyond

Running! everybody goes a promiseland
In the darkness, call a name guided by my sounds
Running! everybody goes a promiseland
With sliding this storm
Running! everybody goes a promiseland
Remember memories sealed in the piece of mind

Beyond the wall!

Do not take us a fall into the pit!
