Run away fly away  
Dream away slip away  
Weep away sweep away  
Reaching out for the stars

All your love All your hate  
All your sickness your fake  
Tiny minds I devour  
Dyin' a little inside

My ambition decisions  
Illusions my arrows  
Go high in the sky  
Challenging Destiny  
I'm a voice in the desert  
Do you here me now?

All your love All your hate  
All your sickness your fake  
Tiny minds I devour  
Dyin' a little inside

My ambition decisions  
Illusions my arrows  
Go high in the sky  
Challenging Destiny

Crawling shadows  
Haunting my sleep  
Keep on breathing  
Wake up

Sudden acceleration  
Fading gravity  
Radiant transmissions  
Electricity  
Rising up from beyond  
I can feel your heartbeat  
Stretching out your hand  
I knew you'd try to find me

Crawling shadows

Haunting my sleep  
Keep on breathing  
Wake up

Run away fly away  
Dream away slip away  
Weep away sweep away  
Reaching out for the stars

My ambition decisions  
Illusions my arrows  
Go high in the sky  
Challenging Destiny  
I'm a voice in the desert  
Do you here me now?
