

Blood Stain Child **"□ System"**

Visit "[□ System](#)" on MotoLyrics.com

Until when will technological progression continue?
Cars, planes, handyphone and some where developed
Now the convenient period of web comes!

Shopping, encounter and
Everything under the sun are on it
We can't obtain much information
About the world without web

Now the crimes using web increase
The development of technology
Is proportional to the increase of the crimes

It's unchangeable at every age
That crime shall never vanish
Thought of degenerated person
Humankind toward a downfall

Now the crimes using web increase
The development of technology
Is proportional to the increase of the crimes
