Music & lyrics by C. Mustaine

You listen to the song of demons  
Tonight you can see the edge of evil  
When the fire burns and the virgins cry  
We can say: "It's time to die!"

We are, the Blood Thirsty Demons  
We are, the death for evil  
We are, the Blood Thirsty Demons  
We burn, your soul in hell!  
When the sky is black and the moon is full  
The Blood Thirsty Demons come to you  
Without satanic rites, without brutality  
We kill you now, without your will!

Your soul is burning  
Your body is gone  
Tonight you are becoming  
A blood thirsty demons
