Im lonely in the darkness  
I was dead to the world  
Now my soul travels in the hell  
But here there is none  
I try to fly, but I cant  
So I try to run away  
But theres the devil inside of me  
Ye, ye, yea!

No Im outside the hell  
And I travel in the world  
Theres no darkness and no shadows  
And I can see the sky  
But the devil is alway inside of me  
Im a damned soul  
I must kill someone  
Ye, ye, yea!

I see a young virgin  
I want her blood to drink  
Now Im a slave of satan  
I cant believe it  
In my life I killed two men  
I did the game of the beast  
Now my eyes are red  
Like the blood and the flame  
Im a damned soul  
I cannot live no more

Come on little child  
look at my eyes  
Im a damned soul  
I must kill someone

Now my friend!  
Dont destroy your life!  
Dont do the evil!  
Or you will be of the devil!
