Executioner  
Brutal killing machine  
Misanthropic warrior  
Aggressive, vicious fiend  
Emotionless butcher  
Slayer with axe in hand  
Merciless mutilator  
Kill 'em all, cleanse the land

Evil - Kill, kill and kill again  
Evil - Kill, kill until the end

Red rivers of blood  
Heaps of severed heads  
Endless fields of corpses  
Mountains of limbs, piles of dead  
Torture, torment, terror  
Carnage, annihilation  
Murder, mayhem, massacre  
Total death, extermination

Evil - Kill, kill and kill again  
Evil - Kill, kill until the end  
Evil - Kill, kill and kill again  
Evil - Kill, kill until the end

Nothing will ever stop me  
The final war has begun  
Nothing will ever stop me  
Evil Unleashed! Kill everyone

Evil - Kill, kill and kill again  
Evil - Kill, kill until the end  
Evil - Kill, kill and kill again  
Evil - Kill, kill until the end
