INFERNAL FINAL CARNAGE

Darkness will embrace the planet  
Blackened the world will become  
The sentence of death has been given  
The massacre has begun  
Arise warriors of darkness  
Bring death upon human existence  
Like a plague, epidemic, infectious disease  
Terminate all resistance

Kill - Kill - Kill - March on and...  
Kill - Kill - Kill - March on and...

Slaughter and slay the enemy  
Like frightened cattle they run  
Crushed by the forces of evil  
Kill 'em all, one by one  
Bloodthirsty legions of hell  
With a massive killing capacity  
Strike with tremendous power  
Annihilate humanity

Kill - Kill - Kill - March on and...  
Kill - Kill - Kill - March on and...

Kill without emotions. Leave the world destroyed  
No one will survive. No one left alive. Infernal Final  
Carnage  
Kill without emotions. Leave the world destroyed  
No one will survive. No one left alive. Infernal Final  
Carnage

Evil will devour the planet  
Every living thing now dies  
Bestial, sadistic, wicked soldiers  
Killing with wide open eyes  
Endless slaughter of humans  
Foul stench of death is in the air  
Infernal final ruin of life  
Armageddon is here

Kill - Kill - Kill - March on and...
