Teeth of metal, evil grin
Bestial Metal Fang
Nikolai Dzhumagaliev
The beast from Kazaksthan

Morbid, vicious misogynist
Axe murderer, cannibal, rapist

A sexual predator in the park
Ready to attack
An executioner in the dark
Homicidal maniac

Aggressive, mad butcher on a killing spree
Woman hater, prostitutes are the enemy

Metal Fang strike and rape
Metal Fang, jaws of hate
Female flesh embrace the steel
Female flesh, his favourite meal

He will drag your corpse back to his house, and chop
you up in pieces
He's a true gourmet, he creates the most delicious
disches
He will serve your tender meat to his drunk,
unsuspecting friends
Your head is left in the kitchen! Let feast commence!

Metal Fang strike and rape
Metal Fang, mutilate
Female flesh embrace the steel
Female flesh, his favourite meal
