[T. Olsson / U. Breed / F. Bergh]

Late at night you've locked the doors  
There's the strangest feeling  
Was that curtain really drawn before  
Was that candle burning  
Was that carpet torn  
Had you really left those lights turned on

As you gaze into the gloom  
And the windows mirror you  
But the face reflected isn't yours  
When the wind is howling  
And the moon looks on  
Can you really say your fears all gone

From dusk till dawn  
The curse is on

With the light of day comes no sanctuary  
As the shadows fade away  
With the light of day comes no sanctuary  
From behind the moon they come

In the pale blue light tonight  
In the shadows in the dark  
Where the terrors of your mind take shape  
There's no comfort here  
When all is said and done  
Can you really tell those lights weren't on

From dusk till dawn  
The curse is on

With the light of day comes no sanctuary  
As the shadows fade away  
With the light of day comes no sanctuary  
From behind the moon they come

With the light of day comes no sanctuary  
As the shadows fade away  
With the light of day comes no sanctuary

From behind the moon they come

Whoa oh oh, whoa oh oh, whoa oh oh oh oh
