Iâ€™™ m evil no, Iâ€™™ m evil no

I reach for the sky  
The moment of truth has just begun  
A twist of light a burning sun  
We settle the score  
The day of the reckoning is over  
My soul is black forever burned

We canâ€™™ t forgive the unforgiven  
Unholy signs of fallen souls

I dance with the beast  
In the darkness  
Iâ€™™ m evil  
Your blood is a feast  
In the fading light tonight  
Iâ€™™ m evil no, Iâ€™™ m evil oh, Iâ€™™ m evil no

Iâ€™™ m riding the wind  
The still of the night I left behind  
The break of dawn a new frontier  
Awaken the fall  
A crack in the sky an open doorway  
The race is on Iâ€™™ ll show you why

We canâ€™™ t forgive the unforgiven  
Unholy signs of fallen souls

I dance with the beast  
In the darkness  
Iâ€™™ m evil  
Your blood is a feast  
In the fading light tonight  
Iâ€™™ m evil no, Iâ€™™ m evil oh, Iâ€™™ m evil no  
Iâ€™™ m evil, Iâ€™™ m evil no
