My last girlfriend didn't like me, thought she might be  
Most likely a dyke, she just didn't excite me  
Lefty, yeah, but that was alright  
She was hotter than the sun but she just wasn't that  
bright  
My mistake she was more flaky than a leper colony  
I think a wooden clothespin would have been much  
better company  
Ass like a donkey actin' funky gave her 'L', now she's a  
flunky  
So my love for her died quicker than a batch of sea  
monkeys

Early bird gets the worm, spread your legs or spread  
the word  
So what if I'm not the smartest peanut in the turd  
I'm white which goes with everything but I can come in  
any color  
And I'm looking for the kind of girl that reminds me of  
my mother  
But it's hard to find a girl with a viper tattooed on her  
tushy  
And how many girls do you know that can play the  
harmonica  
With their pussies like 'em easy and hot and sweet  
Like a Rice Krispie Treat gee, you know what I really  
want in a girl, me

I need to find a new vagina  
Any kind of new vagina  
It's hard to rhyme a word like vagina  
Calvin Klein kind of North Carolina

Women are like dog, do hear me through, don't  
interrupt  
It's just the older that they are the easier they get to  
pick up  
I'd fill the generation gap, clean the cobwebs from her  
rafters  
Old hens would rather put out than be put out to the  
pasture  
No age just ain't a gauge, I like my girls like my cheese

Preferably for me fat-free American singles only  
I want my next chick anorexic, the winner is the thinner  
Won't have to take her skinny ass out to a fancy dinner

Like Sizzler she got a beef, we'll chew the fat  
If I forget to put the seat up I can put up with her crap  
Let her lash out and crack the whip but not in bed I  
don't play rough  
No, I can't be tied down with a girl that wants me tied  
up  
Just independent like NOFX, smart like Janeane  
Garafolo  
She'd use big words to make fun of me so that I would  
never know  
Bestow upon me all her wisdom of the Dewey Decimal  
System gee  
You know what I really want in a girl, me

I need to find a new vagina  
Any kind of new vagina  
It's hard to rhyme a word like vagina  
Kevin Kline kind of South Carolina

Vagina, vagina  
Vagina, vagina  
Vagina, vagina  
Vagina, vagina
