this will take some time away from me, and my life. i
will not allow it to
fold in front of me. to curse the hands of time, and
become the enemy. i
often wonder if they stare at me, but without you, theyll
never see. i
wanted to do this for a long time, although my strength
would never last. i
wished for hope and despair. every step i make seems
like another set of
eyes looking at me. another set of eyes looking at me.
forgive, from the
shadows of your lies, you can give, but your
desperate...desperate...whats
the reason? of the sweat from the heat of my mind.
with bad thoughts of
ending their time as long as i wait, and let them set a
killing way upon
that. being part of a lie, i will kill if im betrayed...all
desperate of
whats become. trust in me, this time. my heart is falling
for love, standing
behind you. run, so far away that we can get away,
away from the weak. this
way we're clear from the pain, not forgetting the tries.
not forgetting the
tries, pondering the weak. between what i have seen, is
this a dream? i cant
believe, i cant believe this is the way of what i have
seen. and still you
lie, and again, and again, and again, and again, and
again, and again, and
again, and again. all i hate. i disintegrate. words
terminate what you
become. controlled what i gave. farewell. what i gave,
suffered of the
change. what ive seen. i cant believe, is this a dream of
what ive seen?
