Hell!!!
The hell is a dark place
The home of the lost souls
I warn the human race
Devil chose the earth to take away
Hell,
The devil's lair
Hell,
Burn your brain
Hell,
Is where you suffer
Hell,
Well of pain!!!
Lucifer wants you
Wanna take you to that place
Fuck you, your piece of shit
I will spit in your face
Hell

The Devil's lair
Hell,
Burn your brain
Hell,
Is where you suffer
Hell,
Well of pain
The dark empire's in the surface
Save your soul, save your butt
And all that I have to say
The hell is on the earth
Hell,
The devil's lair
Hell,
Burn your brain
Hell,
Is where you suffer
Hell,
Well of pain
