Boodstained hands, I'm covered in it  
How I love the taste  
In my mind, I still hear your cries  
Begging for your life  
Urges, I cannot control  
Desires to feed from your soul  
Ripping into your flesh  
Bringing you to your death  
Sentenced, an eternity of pain  
Your life will never be the same  
Cannot resist all that tempts one  
To live in sin  
Fuct up beyond all recognition  
I am who I am and I'm not ashamed of it  
I feed off the fear that I see when I look into your eyes  
Death in disguise  
Threat to mankind  
You'll swallow your pride  
When I end, destroy your life  
Your imminent demise is unfolding before you  
Like a nightmare born of my vengeance  
No act of contrition will avail you of my purpose  
Filled with conviction and a taste for retribution  
Wondering which path led you to this  
As I take your last breath  
Taken away all that you have known  
Facing death all alone  
Flashes back, no waking up  
What do you want some more  
Choking on blood and guts  
Sorry I didn't mean to pry  
Fuct up beyond all recognition  
Fucked up beyond, Fucked up beyond all recognition  
Fucked up beyond all recognition, as I take your last  
breath
