In memories I return to the past
She was a very mysterious girl.
I remember how days went by so fast,
She wasn't from this world.
With one look she imprisoned me,
I fell in love at first sight.
She made me forget the trouble n' all,
With her halo shining bright.

My life won't be the same, My life won't be the same.

I take my pill once more,
And see her again.
The beautiful face appears before me,
It feels like I'm in heaven.
Oh baby baby you make me feel,
So loved and important.
I'm under the influence of you,
And nothing is important.

Up high we wrap around each other
You make me feel so good
Nothing matters anymore
I'm so high with you
Baby!

It's morning again
I wake up with a headache and without you.
The same old setting goes on and on,
And again you're gone for good.
I cannot recognize your face
From the blurry mirror in the bathroom.
I'm shattered again because you abandoned me
Feel the sweat drops on my face.

My life won't be the same, My life won't be the same.

Up high we wrap around each other
You make me feel so good
Nothing matters anymore
I'm so high with you
Baby!

This love is killing me
Please, just set me free

Up high we wrap around each other
You make me feel so good
Nothing matters anymore
I'm so high with you
Baby!
