I'm walking on the street and I see you  
I wanna bite you  
And when you look behind you, I have disappeared

Hey baby don't look so scared,  
Stop running away cause there's nothing you could do  
I feel your cold sweat when my hand is under your shirt

Tonight you're going to feel my claws on your back and  
you will have no other choice than let  
My love take over you  
Tonight you will feel my teeth on your neck and I wanna  
hear you screaming my name.

Take off your clothes! [2x]

Now shut up, you talk too much  
Love is everlasting just on a screen  
Don't take it so hard just live for this moment

Your wet lips against mine  
Lipstick of yours dress my shirt  
We're in the toilet of this bar and there's no reason why

I gave you too much too soon you can't keep your  
hands off me  
I feel when it's getting wet when my hand is in you  
pants  
This don't feel so good anymore so please leave me  
alone  
But one more time I wanna hear you screaming my  
name

Take off your clothes! [4x]

Tonight you're going to feel my claws on your back and  
you will have no other choice than let  
My love take over you  
Tonight you will feel my teeth on your neck and I wanna  
hear you screaming my name.

Take off your clothes! [4x]
