[MUSIC:CAPTOR...LYRICS:NECROSADIST/CAPTOR]

In the realm of assassins  
Betrayed by your own Blood  
Allies turn to enemies  
Now the knife turns on you  
Rabid wolves  
Predators of treachery  
Spread the plague  
Nothing but whores

Destroyers reap and rejoice  
Poisoners with forked tongues  
Betrayers of all words of truth  
I don't believe a word you say  
Cum ye despisers of life  
I shall return to you a favor  
From my back I'll remove the knife  
And you'll rue the day you did the deed  
Dragging your cadaver through the trenches  
I spit on your false existence  
Cursing wretched humanity  
Never shall I bow before you

Misanthropy runs like blood through my veins!

I despise your kind parasites on the human race  
Scars and wounds have turned the soul so cold  
Compassion is gone pity is a crucifixion  
Litany of redemption anoints the rebirth in blood

In the realm of assassins  
Betrayed by my own blood  
Forsaken and left to bleed  
Standing high atop your corpse  
Immortal victory  
Alone I am as one  
Looking down on conquered lands  
Driven by revenge  
These battles I've won  
Truth first casualty of war  
Lies and false convictions

Agendas are revealed  
Wrath hatred and disgust  
Extinction of salvation  
Waste of mortal life  
March the path of redemption  
Burn your fucking bridge

When the vultures pick your flesh  
They dine on bastard filth  
Worthless are your bones  
Cut throats to the bloody end  
In kingdoms of betrayal  
Rejoicing in your misery  
At your gallows they all flock  
Wanting to see your demise  
They all shall die the death of dogs  
Deceitful kinsman make good corpses  
Slit their fucking throats  
Loyalty is but a word
