[MUSIC:CAPTOR/OBSCURE MANIFESTO/POPE...LYRICS:  
NECROSADIST/CAPTOR]

God's of Nuclear Death  
Please claim this land as yours  
The Storms can't come soon enough  
Apocalypse is our reward  
Famines and plague  
Rape the fucking earth  
Answer all our prayers  
Dreams of geonocide  
A Thousand voices speak to me  
In tongues of war and hate  
Rid this world of human filth  
Cleanse and Eradicate  
Bring forth armies to destroy  
The world is thrown away  
Into a pit of fire.  
Into a pit of hell.

Ruins of a world long dead

Bloodlust and war  
The streets flow with blood  
Warlords bleeding  
Upon their thrones  
Bloodlust and war  
The streets flow with blood  
Warlords bleeding  
Upon their thrones

Come forth and destroy  
Summon your armies from hell  
Open the gates of hades  
Rule darkness forever more

Legions of the Reaper's army  
Desecrate and fight till death  
Slaughtering the feeble mortals  
Crushing their fucking skulls  
War Hammer of the gods  
Smashing the children's souls

Decapitate the corpse of Christ  
Rape angels in their blood
