Taste the blood, tranquilize  
Taste new life, satisfied  
Taste the blood, tranquilize  
Taste new life, indulge

Crucify the priest  
Drink his blood  
Hail the beast!

Arise from the grave  
Offering of god's slave

Taste the blood, tranquilize  
Taste new life, satisfied  
Taste the blood, tranquilize  
Taste new life, indulge

Crucify!

Infestation, the priest must die!  
Crucified to the cross!

Taste the blood, tranquilize  
Taste new life, satisfied  
Taste the blood, tranquilize  
Taste new life, indulge

Crucify the priest, crucify, crucify  
Crucify the priest, crucify...  
Hail the beast!
