All dressed up you're good to go
checkin your style from head to toe
Hooked up and natural
You're feeling beautiful
9 times outta 10 you know
Late night club like a video with the hot stuff- top stuff-
we got stuff oh
What a night- so far
Pulling up curb side in your car
What a sight- you are
Think I know somewhere we can park
After dark
System up with the top down
Got the city on the lock down
Drive by in the low ride
Hands high when we fly by
System up with the top down
Got the city on the lock down
Drive by in the slow ride
Hands high when we fly by
Girl its time to let you know
I'm down if you wanna go
We can take it nice and slow
We got until tomorrow
UK Style UK flow
We got you hot like whoa
With the hot stuff- top stuff- we got stuff
What a night- so far
Pulling up curb side in your car
What a sight- you are
Think I know somewhere we can park
After dark
System up with the top down
Got the city on the lock down
Drive by in the low ride
Hands high when we fly by
System up with the top down
Got the city on the lock down
Drive by in the slow ride
Hands high when we fly by
I'll tell you this for a fact, fact

A lot of ladies step up on a fat track
Leave your fella in the corner
With his starter cap
Show me how to act
Show me love, where you at?
What a night- so far
Pulling up curb side in your car
What a sight- you are
Think I know somewhere we can park
After dark
System up with the top down
Got the city on the lock down
Drive by in the slow ride
Hands high when we fly by
System up with the top down
Got the city on the lock down
Drive by in the slow ride
Hands high when we fly by
