In the dark emptiness  
My soul bleeds pain  
Through the suffering  
Life is drained

To release the anger  
Anger that builds  
Violent screams of victims  
Are echoing within...within!

Scorn, scorn, scorn, scorn!

Looked on as one  
Violence becomes  
A vision of blood  
Judge and jury!

A vagrant to some  
Warned I will come  
Warfare's begun,  
Judge and jury!

Looked on as one  
Violence becomes  
A vision of blood

A vagrant to some  
Warned I will come  
Warfare's begun!

Warfare's begun!  
Warfare's begun!

You've been warned,  
I will come!

Hate!
