Yeah, check this one out

Can you listen to this story  
About this girl I met one day  
Love came to me easy  
I can't help it I'm just that way,  
I took her in my life with this I didn't hesitate  
No  
But as you listen to this story  
You realize it was all a mistake

She took my eyes first time  
My heart followed what can I say  
I'm just weak when it comes to women  
Yes I know, I know, I know, I know  
In my life I've had regrets  
But I've moved on, moved on  
I can't help it if, if you're upset, you're just wasting your  
life away  
Move on

I guess we gotta move on, we moving on  
Yeh

Now you've got the gist of it  
I'm gonna tell you a little more  
It had to come to a sudden end  
'coz she was looking for something more

She was an angel  
The blessing that I didn't deserve  
I'm not the kind to settle down  
I'm so sorry I caused her hurt

She took my eyes first time, oh yeah  
My heart followed what can I say  
I'm just weak when it comes to women  
Yes I know, I know, I know, I know  
In my life I've had regrets  
But I've moved on, moved on  
I can't help it if, if you're upset, you're just wasting your

life away  
Move on

I guess we gotta move on, we moving on  
Oh yehhhh....

Take it from me (take it from me)  
Never gonna let nobody  
Bring me down, that's my word (that's my word)  
Keep on movin on

Take it from me (And I've moved on)  
Never gonna let nobody (Just take it from me)  
Bring me down,(take it now ) that's my word (that's my  
word)

In my life I've had regrets  
But I've moved on, moved on  
I can't help it if, if you're upset, you're just wasting your  
life away  
Move on (wasting your life)  
In my life I've had regrets  
But I've moved on, moved on  
I can't help it if, if you're upset, you're just wasting your  
life away  
Move on  
I guess we gotta move on, we moving on  
Moved on, moved on  
Stop wasting your life away, you're just wasting your  
life away  
Just keep movin on, just take away.....(just take it  
from me) yeh  
I can't help it if, if you're upset, you're just wasting your  
life away  
Move on  
This the end....oh yehhhh  
Move On
