All I hear is voices in the crowd  
Though they only whisper though they frown  
People say "oh its such a shame"  
Still they only look to pass the blame

[bridge]

If we can find a way to work things out  
The only way to start is to start now

[chorus]

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people

Children always learn by what they see  
So we gotta practise what we preach  
Don't you know its the game of life  
We refuse when we choose to fight

If we can find a way to work things out  
The only way to start is it start now

[chorus]

When are we gonna stand up as people  
Realise as people were all equal  
We don't want no world war sequel  
For the love of god think of the people.

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people.

I pray before i sleep at night  
That i'll wake to find a clear blue sky

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people.

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people.

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people.

When are we gonna stand up as people  
Realise as people were all equal  
We dont want no world war sequel  
For the love of god think of the people.
