We take it for granted
All that we have, yeah
Treating our love like it is here to stay
We never question
Or learn from the lessons
Until it's taken away

Now there's one thing I know It's what you've given me,
given me
So where do we go from here? Won't you tell me?

Ain't so good, ain't so bad, ain't too happy, ain't too
sad
I'll be me, but you'll be you
Whatever happens cool
Ain't the sunshine, ain't the rain, we're just leaving as
we came
All good things, they ain't somehow
Whatever happens now

We'd lost our direction
Clouded our vision
Didn't know which way we were heading, babe
I still remember, we couldn't tell where I would end and
you'd begin

Oh but there's one thing I know I'm not givin' in, givin' in
So where do we go from here? Won't you tell me?

Ain't so good, ain't so bad, ain't too happy, ain't too
sad
I'll be me, but you'll be you
Whatever happens cool
Ain't the sunshine, ain't the rain, we're just leaving as
we came
All good things, they ain't somehow
Whatever happens now

We had good days, holidays, everyday the same way
There's one thing I wanna say
I love you, babe

I'm never given up I don't care what you say
But lately all I see is pain
So baby baby boo, what happend to you
Should we really give it up 'coz look at what we could
do
Close your eyes, reminisce, can you see our first kiss?
When I think about it now - damn, I'm losin' it

Oh there's one thing I know that you've given me, given
me
So where do we go from here? Won't you tell me?

Ain't so good, ain't so bad, ain't too happy, ain't too
sad
I'll be me, but you'll be you
Whatever happens cool
Ain't the sunshine, ain't the rain, we're just leaving as
we came
All good things, they ain't somehow
Whatever happens now
