Every day, every night, everyone is on love.

Every day, every night, everyone is on.

Will you sing for me?

Yeah!

I won't search, I won't lie.

I don't need another guy.

Now my love I have found.

I won't search for other guys.

I know you, you will love.

But you have intensed your love.

I feel love in your eyes.

You don't want me let inside.

You may be in love.

I've defined to you.

You may be in love.

I know we can do.

You may be in love.

I've defined to you.

You may be in love.

You deny, many times.

You think about it all the time.

You will run, you will hide.

Love will get to where you are.

Why you think, you define.

Though you cannot count the love.

You will run, you will hide.

Love will find out where you are.

You may be in love...

You may be in love.

Everybody!

Que, nai sese mue, sala guersi si coca te.

Everybody!

You may be in love.

Que, sarane.

Everybody!

You may be in love!

Sarane is searchin' for ya!

You may be in love...

Everybody love somebody!

You may be in love...
