"Always As We Know It"

Visit "[Always As We Know It](#)" on MotoLyrics.com

Promises Promises, broken in two
The meaning of long term ain't nothing to you
Going the distance don't mean that much
If you're thinking 'bout forever, baby, you're out of luck

Cause you said your love was never ending
Baby you were wrong
This thing has been never ending
Baby way too long

CHORUS

Cause Baby always as we know it ended yesterday
Your always never meant forever anyway
Forever never meant to end up quite this way
Baby, always as we know it ended yesterday

He said she said is all behind us now
We could have gone forever, but baby you don't know
how
Cause falling out of love ain't that tough to do
Especially when I'm falling out of love with you

Cause you said our love was never ending
Baby you were wrong
This thing has been never ending
Baby way too long

REPEAT CHORUS TWICE
