Yonder goes Jimmy  
He's got a new ride  
See him winding on down Highway 5  
Heading straight for the drive in  
He's got Susie by his side  
Later we'll all meet by the riverside

I can't help myself  
I wanna testify  
I wanna take you there  
Down by the riverside

Down on the river  
We got gators runnin wild  
Mama said you better not go down there child  
But I got a crazy feeling  
And I like your style  
Later let's head on down and walk a while

Chorus 3x
