I've been walking down this railroad

I've been laying on the tracks

Yes and if I need this railroad

I won't bring it back??

I got me a penny

And a dirty dish

I got me a daisy

I keep between my teeth

I been laying on the flatcar

I been laying in the sun

It's better than a boxcar

When I'm the only one

Always seek a doctor

Please let me stay on

I said I'll always seek a doctor

I won't do you no harm
