Good morning captain
Good morning to the ocean
Do you need another mule skinner
Out on your new road line
I smell your bread a burning
Woman go turn your damper down
If you ain't got no damper
Woman go turn your bread around
It's a turning brown
Well, hey there little water boy
Get your butt off the ground
Get that bucket of water son
Bring that bucket 'round
And if you don't like your job
Set the water bucket down
