"Retribution"

Fires of anger burn deep inside,
Misfortune and heartache are a part of my life,
But I've never asked for sympathy,
A will of iron is all I need

Blood, sweat, sacrifice and tears,
Are what has driven me for all these years,
Thoughts of fallen friends with me every day,
Their memories I will never betray,

You can't break my will, so don't even try it,
I came here to fight and I'm ready to die!

Looked death in the face and never turned to run,
Seen the bravest fall to my enemies' guns,
Rage of revenge burns deep in my heart,
There will be retribution before I depart

Looked death in the face and never turned to run,
Seen the bravest fall to my enemies' guns,
Rage of revenge burns deep in my heart,
There will be retribution before I depart

You can't break my will, so don't even try,
I came here to fight and I'm ready to die!

You can't break my will, so don't fucking try it,
I came here to fight and I'm ready to die!

Pledged my heart to The Cause
My fate's been written in stone
I will fight forever
Even if I stand alone!

Retribution!
Pledged my heart to The Cause (Retribution!)
My fate's been written in stone (Retribution!)
I will fight forever, even if I stand alone!
Retribution!

"One day, someone like me,

is gonna kill you and your whole fucking race!"
