Yo, I'm saying though  
I can't be holding my tougue like that though dog  
You know what I'm saying  
A yo, you know what I'm saying  
We detonated and all that you know what I'm saying  
But yo, this nigga Faks One got me open  
I got to spit some shit  
I'm just going to let it loose like yo:

[Verse 1]

Success, I strike gold like Eureka  
My rhymes scare niggas they shake like I'm glad to  
meet ya  
Niggas is fake like big screen creatures  
I'm dropping this, so return to you lock-ed-ness  
Sharpen this shit like flint rock  
Stop niggas from reaching the top like "UV-10 Block"  
I battle and win lot stuff-em  
Niggas get bagged like duffel  
I double my dot-com  
Shift my whole network reverse through the birth of a  
pop song  
I got stronghold, beyond your means pass the pressure  
Too slick to grip to dip to deep measure  
Freak for physic pleasure  
Spit gems reap treasure  
"Breez Evahflow" sleep never  
He better speak hot shit  
If not when I drop shit evacuate like gasses toxic

[Chorus]

Do you really want it?  
Do you really mean it?  
{Step this way}  
Are you sure?  
Have you ever seen it?  
{Step this way}  
Could it ever happen?  
Will you ever be it?  
{Step this way}  
Do you really want it?

Do you really mean it?

[Verse Two]

I maintain, the same aim, steady precision  
Hip-hop collision, shedding light on any hidden  
proposition  
But I'm conditioned for change  
Lethal flames and rearrange the molecules in my  
frame  
I'm the insane thinker, calculating the plan  
I seen you fall away before you took your fate in your  
hands  
Wouldn't work to leave an airform arm hurt  
I bomb earth with song verse that get me dap till my  
palms hurt  
Niggas don't get it, I set it off like seismic sensors  
While I drop heavy and hit the Earth's center  
Drawbrige lowered for "Stronghold" to enter  
Meant to make a "mil", take a little time  
Listen to this nigga when he rhymes  
Designed by the signs of time  
My mind remain refined, all kind of ideas  
Couldn't see where we was going now the facts made it  
clear like

[Chorus]

Do you really want it?  
Do you really mean it?  
{Step this way}  
Are you sure?  
Have you ever seen it?  
{Step this way}  
Could it ever happen?  
Will you ever be it?  
{Step this way}  
Do you really want it?  
Do you really mean it?

Stronghold live and direct up in your set {I told you  
before}  
Stronghold live and direct up in your set {Brick Fish}  
Stronghold live and direct up in your set {Stronghold}  
Stronghold live and direct up in your set {Wild}

[Verse 3]

Yo I write a regal rhyme, in the length of a legal time  
Thoughts sharp like the thorn darts on a lethal vine  
Either I'm, out of my mind sound my sick words  
"Detenator" shit work, pumping my script  
Till you jump on my shit and make my dick hurt  
Flirt, pervert, maintian keeping dap on the skirts

Capital birth, real essence entity in the zone  
Enterprise, verbal audio home-flown  
Leaf takes me up to the Ozone, whoa is the nigga  
Who couldn't catch my name in the rhyme I just  
configured  
I'm a trick his breath away from a potent display  
Wrote this for days with women wine and poster  
diplays  
But I see rays like "Walz" and saw it like hey  
My "Stronghold vocal like a trophy display  
Who the fuck goin' approach me today  
Mic phone's supposed to decay  
Roasting it way more than what's posted and blazed  
like

[Chorus]  
Do you really want it?  
Do you really mean it?  
{Step this way}  
Are you sure?  
Have you ever seen it?  
{Step this way}  
Could it ever happen?  
Will you ever be it?  
{Step this way}  
Do you really want it?  
Do you really mean it?

Yeah, Breez Evahflowin'  
Detenator Y'all  
Word up  
Fakts One on the incredible
