Yo, got a drink in my cup
Selecta with the tunes
Cruzin with my, cruzin with my, cruzin with my crew
Oh you say you got a friend, well you can bring her too
Cruzin with my, cruzin with my, cruzin with my crew
Come inside my house, bra you gotta lose the shoes
Cruzin with my, cruzin with my, cruzin with my crew
Grinds on my mind, hungry as a fool
Cruzin with my, cruzin with my, cruzin with my crew

Yo, uh
Now you can hear it in the breeze
When I'm leavin' overseas
And it's 93 degrees
Speakin' brown people-ese
But I gotta ease up out of Honolulu for a few
To keep it poppin' like a Honozulu shoot in the scene
But never greasy with the people on the island
I see, I see the stars fallen into the sea
Pull her closer to your bro
She told me never let her go
Until the moment reached a ceiling, that's the feeling I
need

Yo, breathin' in
And they came to get away but we came to get it in
When they callin' it a day that's when the day for us
begin
The people turin' up they stereo, they playin' me again
Once again, breathin' in
And they came to get away but we came to get it in
When they callin' it a day that's when the day for us
begin
The people turin' up they stereo, they playin' me again

Yo, got a drink in my cup
Selecta with the tunes
Cruzin with my, cruzin with my, cruzin with my crew
Oh you say you got a friend, well you can bring her too
Cruzin with my, cruzin with my, cruzin with my crew
Got my Foodland card, man I'm buyin' me some food

Cruzin with my, cruzin with my, cruzin with my crew
Fuckin' with dakine, that's what I'mma do
Cruzin with my, cruzin with my, cruzin with my crew

Yo, uh
And when I'm cruzin with my crew
I'm tryna get to meets
We ridin' on the two, I'm bumpin' Saba beats
Born in killer California, bra, son of a beach
An arms reach from the motherland over the sea
I'm callin' Aaron and Jake
Whassup to Carol and Kate
Some people call it the 8, but it's a sovereign state
I hear that Ward is the place
They try to cancel our performance but the Scholars
keep it
pourin' believe

Woah, I'm breathin' in
And they came to get away but we came to get it in
When they callin' it a day that's when the day for us
begin
The people turin' up they stereo, they playin' me again
Once again, breathin' in
And they came to get away but we came to get it in
When they callin' it a day that's when the day for us
begin
The people turin' up they stereo, they playin' us again

Once again, got a drink in my cup
Selected with the tunes
Cruzin with my, cruzin with my, cruzin with my crew
Oh you say you got a friend, well you can bring her too
Cruzin with my, cruzin with my, cruzin with my crew
Come inside my house, bra you gotta lose the shoes
Cruzin with my, cruzin with my, cruzin with my crew
Drivin' with my feet, yaba-daba-doo
Cruzin with my, cruzin with my, cruzin with my crew
