It goes one, one to the two three  
People asking "Geo, what the hell does OOF! mean?"  
You a true fiend you're the new thing I'm a cool king  
Felix throwin the two seam  
Only came here to tell you two things  
Be original, it's unconditional  
My unconventional means of marketin' things  
Is hella ground up in a top-bottom scene  
Rather leave people than the press  
The press I guess it's a good thing  
Got both on the team  
If you focused like me  
You know what I mean  
The door knocks better hope it's not me  
The kid rolls deep with musicians like Ozomatli  
Bonafide trees breathe makin petrified knees  
These neighbors Black Latin all types of Chinese  
With a sudden European influx increase  
Been fucked since the real estate bubble bursts now  
in the realest state witnessin the homicide rate  
Like back when the kids watched tapes of Menace and  
Juice  
They need medicine truth is  
No single man woman president can alter the present  
by them goddamn selves, we movin in swells  
One felled motion the monuments fell  
Learned that from Hindu to do it yourself

It goes one, one to the two three  
Cruise on a hill gettin food at Fou Lee  
Gonna take more than a few to fool me  
Only get this timin if you study Kool G ooh wee

One to the two three

Gonna take more than a few to fool me  
Only get this timin if you study Kool G ooh wee

It starts simmerin now  
They start listenin now  
When I travel then I'm missin the Sound

No particular style second round  
See a trainer in the corner start to pick up a towel  
Superhero in the eyes of my child  
Guess I gotta live it out until he figures it out  
Just an ordinary guy doin extraordinary things  
Still got a 9 to 5 but from PM to AM  
Seems we were made for the mayhem literally speakin  
This is MC Foods Alaska to Beacon  
Where the peril lines reachin and we sleep underneath  
them  
I keep em far from the leeches and the drunken  
collegiate  
I was speakin with this cat in the back of the train  
He said "Ten years for this? Transit is lame"  
When you consider what we lost for the city to gain  
It's more than neighbors and places it's memories  
mane  
"Whatever" he says, switch the topic instead  
Get to talk about the Hawks and the Sonics and shit  
Reminiscing on Dikembe on the floor with the ball  
And he ball and we bawled and he's still pissed off  
Anybody in the Town into sports God bless em  
We heard that all underdogs go to Heaven  
Tell em later, he says God willing  
And now I gotta find my way up the hill once again

It goes one, one to the two three  
Cruise on a hill gettin food at Fou Lee  
Gonna take more than a few to fool me  
Only get this timin if you study Kool G ooh wee
